Rated 5 out of 5 by Anonymous from I love roblox This game is great! I play it all the time, it helps me a lot with my school work! It also helps me get better at math and reading. We are supposed to have it in our classroom but we only used it for homework so far. The thing that I don't like about this game is that some one really has to tell you what to do. They don't run the servers themselves so they often

change things and cut off some features. It's also expensive, but I think it's worth the money.

They say content is king, and this statement could not be more accurate for Roblox. Why? Because on Roblox, players are able to make their own games within the game itself! These games are called "games" or "sims," and they can be accessed from a GUI called "The Catalog." There are tons of free games that players have created and uploaded for others to play. In order to play these games, you have to purchase them using free robux. You can also make your own game and make it either free for others to play or charge for everyone else to play.

This may sound like a simple bug but there are so many people who want this fixed because it makes them very mad. When they are in a group with someone who they hate and they click the chat head and they try to type something and it doesn't show up. I know that there should be a way for them to see what they were typing but there is not. That's the only thing that bugs me about this bug because it makes people mad. If you want these bugs or glitches fixed or changed please comment down below.

What I would love to see is more updates for games like minecraft, and many more updates. Also to add new games such as an RPG game (something similar to LOTRO) maybe something similar to wow where you come out of the game and control different characters. If we all work together we can get Roblox updated with these new games instead of waiting till now where there are a lot of glitches.

I don't really have an answer for you, but I'm sure this is a problem that other people have as well. I think the game needs to be made less serious because people will not want to spend money on fake money (robux) if they know there's no real value behind those items they purchased with their fake money. The best way to accomplish this would be to make hats, shirts, etcetera for gamers who spend more than a certain amount of money.

Roblox could be better in one way by adding new games. I saw that tons of people were posting on the forum that they want a new game to play not a great way to spend your time, like if the game was updated and you can play it again, or just say your opinion about what you would like to see in the next update because there are many gamemakers that ask for ideas on a game app idea. or have a contest for ideas.

You can choose from a desktop computer, a laptop or a mobile device. The next thing you do is select the game categories that you would like to play games in such as anime, roleplay, sandbox and more. After making your choices, it will show you ads every 15 minutes and then give you free robux for completing offers. You may also skip an ad if you don't want to watch them when they pop up so frequently.
