There are two types of premium features: content premium and currency premium. Content Premiums typically involves a single item or feature that changes the game mechanic, such as more life points and/or more room to build, or increased maximum health for monsters. ROBLOX also has a wide variety of blueprints ranging from minigames to full games. ROBLOX's game engine runs within their own website, which they call the "Roblox Platform". The platform also has its own virtual servers that are separated between each user (known as Virtual Worlds). ROBLOX licenses the servers from Sabre Corporation. They have also recently added a filter button which blocks certain words from appearing in chat.
